February 2026

MESSAGE FROM YOUR PRESIDENT KEN BACCETTI

As I sit at my computer and type my President's message, I'm pleased to tell you that our "Annual Crab Feed and Fundraiser," is now sold out. The "Crab Feed/Fundraiser" will be held on Friday, February 13, 2026 at St. Joseph's Catholic Church Hall in Rio Vista. I'm also humbled to share with you that our silent auction and raffle is coming together with all the generous donations from a number of our commercial members. I can't tell you how much their generosity is appreciated. In next month's newsletter I will list their names to publicly thank them for their donations. Your Officers and Board Members are planning a fun evening and delicious crab feed for those in attendance.

On Wednesday, January 28th I attended the "State Water Resources Control Board" meeting on Zoom from 9am to 545pm. Wednesday January 28th was the first day of 3 days of meetings that was scheduled for Wednesday, January 28th through Friday, January 30th. The State Water Board is planning on updating the "Voluntary Agreement" that is supposed to protect Sacramento Valley rivers and the Bay-Delta. But rather than adopting stronger rules to protect the Delta and its' fisheries, the State Board is close to finalizing plans to divert even more water from Central Valley rivers, especially the Sacramento, which is where most of salmon come from. I was on this call all day and I was finally called on to speak at 530pm. I first identified myself as your president, then obviously told the Board that I opposed this plan and urged the Board to reject the "Voluntary Agreement" and adopt a common sense, stronger protections to ensure sufficient cold water and river flows to restore the Sacramento River basin salmon runs. I further urged the Board that stronger protections would also benefit all fisheries and help restore the health of the Delta. As of this writing, I don't know how the Board will vote after these meetings, but I will keep you informed how they voted in future newsletters.

On Saturday, April 4, 2026 we will be hosting the "5th Annual Barry Canevaro Memorial Striper Derby" out of the Rio Vista Boat Launch. As in past years we will be partnering with "Rec4Vets." During the day of the derby, we will be holding a silent auction and raffle next to the weigh station to benefit this great organization. 100% of the proceeds from the silent auction and raffle will be donated to them at our April 8th meeting. In addition, all those anglers that enter to fish the derby will receive a complimentary lunch provided by "Taqueria Mr. Delicioso." A flier announcing the derby is attached to this newsletter, and can also be found on our Facebook and Instagram pages. You can enter the derby now. To enter go to the website (www.Striper-CSBA.org).

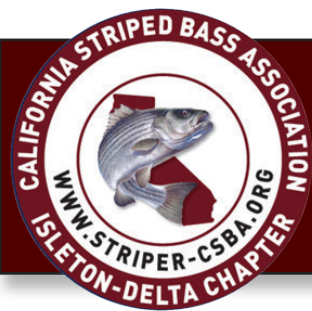

Moving right along at our January 14, 2026 meeting I, President Baccetti, announced our fishing contest winner for January 2026. The winner was Mike Phillips. Congratulations Mike! Remember, all Isleton Delta Chapter members in good standing are eligible to enter one monthly photo for our fishing photo contest. So, if you're a member in good standing of our chapter, text your fishing success photo with your name included to President Ken Baccetti at 415-602-1298. All photos received will be included in our monthly newsletters, on the Isleton link of the CSBA website, and on our Instagram page. The next Grand Prize will be chosen on June 10, 2026, so text me your fishing success photos to possibly be next year's Grand Prize winner.

Now for a membership report. Membership Director Kathy Baccetti tells me that all members should have received their renewal notices in the mail by early January. If you already renewed, we "Thank You!" if you haven't renewed just yet, please renew either by mail or on the website listed below for your convenience.

Kathy further told me that since last month we have signed on 3 new commercial members and 3 new regular members. Our new commercial members are Kevin Brock of FishKevinBrock, Stoney Meager of Old Farts Fishing and Vance Staplin the newly appointed Executive Director of the Golden State Salmon Association. Our new regular members are Bob Cummesky, John Landahl and Sharon Stafford. Welcome to all our new members! If you're reading this and would like to become a member, please don't hesitate to join! Your membership strengthens our mission to protect striped bass and other precious fisheries. The easiest way to renew your membership, or to join us as a new member, is to come to one of our monthly meetings. If you're unable to attend one of our meetings, you can simply go to the Isleton link of the website (www.striper-csba.org) as we do take credit cards online. If you'd prefer to renew/join via the US Mail, you can print our Isleton Chapter application off the membership link of the website, fill it out, and mail your check or credit card information to the Isleton address listed. All new members receive an Isleton Chapter hat and 2 Isleton Chapter decals, and previous members that renew receive an Isleton Chapter decal, all as a thank you for being a member.

In closing, I hope to see you at our next meeting on Wednesday, February 11th and/or at our crab feed/fundraiser on Friday, February 13th.

Ken Baccetti
President

February 2026

FISHING REPORT

The striper bite for trollers in the Delta below the Rio Vista Bridge has been pretty much a bust according to legendary striper fisherman and Isleton Board Member Mark Wilson. Mark tells me the water has been very muddy with grass and debris coming down the river making fishing very difficult. Mark did say he was going to do some scouting this week to see what the current conditions are on the Sacramento and San Joaquin Rivers. Mark did add that a few of his friends have been doing well at the Port of Sacramento trolling Yozuri deep diving and Berkley Dredger deep diving crankbaits. They've been boating up to 15 keepers a day to 10 pounds in 12 to 15 feet of water, only keeping their limits.

Now for a sturgeon report. This past Saturday (1/24/2026), the 19th Annual Diamond Classic Catch and Release Sturgeon Derby was held out of the Pittsburg Yacht Club and the Pittsburg Marina. The derby was hosted by Isleton Commercial Member Captain Steve Talmadge of Flash Sportfishing. To qualify for the drawing, you would have had to catch and release a white sturgeon between 40 and 60 inches. That sturgeon must have been witnessed by the weighmaster at your boat. Once he/she verifies your catch, a ticket for the drawing was given to you qualifying you for the 1st to 5th place cash prize payout. I'm told that 205 anglers registered for the derby, with 19 slot sturgeon caught by those qualifying anglers. Isleton Commercial Member Captain Mike Funtanilla of Bend Ur Rod Sportfishing told me that he was targeting sturgeon with his clients, who entered the derby, at the Middle Grounds and Roe and Ryer Islands. He continued to say that he was anchored in approximately 20 feet of water using salmon roe to entice the sturgeon. Capt. Mike said that his customers did catch a few sturgeon including one sturgeon that qualified for the cash prize drawing that won 4th place.

If you're a sturgeon fisherman, this is a reminder to submit your 2025 "Sturgeon Report Card." Anglers fishing for sturgeon are required by regulation to return your report card or submit a report online by January 31, 2026 (CCR-Title 14, Section 1.74). The data gathered from Sturgeon Report Cards supports fisheries management efforts that benefit sturgeon and sturgeon anglers in California. For more information on sturgeon management, please visit <https://wildlife.ca.gov/Conserve-The-Sturg>. For more information about the Sturgeon Report Card, email Sturgeon@wildlife.ca.gov.

If you'd like to fish for rainbow trout on New Melones Lake, then call Isleton Commercial Member Captain Kyle Wise of HeadHunter Sportfishing. Capt. Kyle tells me that he's been putting his clients on an excellent trout bite. Capt. Kyle further said that he's been trolling Speedy Shiner lures and spoons in 20 feet of water for trout averaging 12 to 15 inches on up to 3 pounds. Capt. Kyle went on to say that Angels, Coyote and Mormon Creeks have been the most productive for him.

If fishing on Lake Berryessa for black bass is something you'd like to do then Isleton Commercial Member Guide Don Paganelli of Paganelli's Bass Fishing Experience has an excellent report for you. Don told me that he's putting his clients on a number of fish that is well above average for January. Don went on to say that he's been jigging on the main body of the lake in 20 to 25 feet of water looking for structure on either the East or West side for bass up to 6 ½ pounds. Don emphasized to watch your fish finder for a rock, wood, or a drop off, as that's where the bass have been for his customers.

Now for a report from San Pablo Bay. Isleton Commercial Member Captain Craig Hansen of Argo Sportfishing tells me that he's been anchoring on the west side of San Pablo Bay with his clients, bait fishing for striped bass, leopard sharks and rays. Capt. Craig went on to say that the outgoing tides have been productive for him on the stripers (see the attached photos) and the incoming tides caught the leopard sharks and rays. He's been averaging a fish per rod on stripers, with occasional limits. Capt. Craig suggested that, with this winter bite, watch you're rod and set the hook immediately if you see a bite.

February 2026

RECIPE OF THE MONTH – FEBRUARY 2026

BAKED STRIPER WITH BREAD, CHERRY TOMATOES, OLIVES & CAPERS

INGREDIENTS

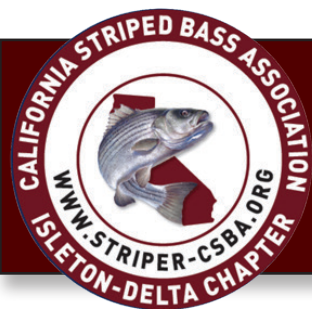

4 skinless striped bass filets, approximately 1/2 lb. each
1/2 cup extra virgin olive oil
14 oz. cherry tomatoes
1/2 cup black olives, pitted
2 tablespoons capers
3 – 4 anchovy filets
1/2 cup dry white wine
3 – 4 sprigs of thyme, plus extra leaves to serve
Sea salt to taste
3 thick slices of stale sourdough bread, cut into large chunks

INSTRUCTIONS

Preheat oven to 350 degrees F. Drizzle half of the oil onto a baking dish. Place the cherry tomatoes, olives, capers, anchovies, wine and thyme sprigs in the baking dish. Season with a little sea salt and stir to combine. Nestle the bread chunks in the sauce, turning slightly to coat. Baked for 25 minutes, then place the striper on top, and drizzle with the remaining olive oil and season with a little sea salt and pepper. Bake for another 15 – 20 minutes or until the fish is just cooked through. The cooking time will depend on the size of your filets, so keep an eye on it. Take the baking dish out of the oven, and scatter with extra thyme leaves, and season with a little extra pepper and drizzle with a little more olive oil. You can serve this with your favorite sides and beverages.

Monthly Fishing Contest Photos

We would like to thank Captain Kevin Brock of FishKevinBrock for joining us and doing a very informative seminar for us at our meeting on Wednesday, January 14, 2026. Captain Kevin first showed us his own signature rod collection of 3 rods that he uses while striper fishing in the Delta. He then showed us the way he rigs his rods for different applications whether it's trolling, jigging or live bait fishing for stripers. He continued by showing us his signature jigs and the lures that he trolls with in the Delta. We would like to thank Captain Kevin Brock for joining us and sharing his knowledge with those in attendance that evening.

California Striped Bass Association Isleton-Delta Chapter Newsletter

February 2026

Join or Renew Your Membership

We strongly encourage anyone interested in Striped Bass to join.
At CSBA, we are DEDICATED to the Preservation, Conservation and Enhancement of Striped Bass.
Please practice CATCH & RELEASE!
Please join us for our monthly dinners followed by our General Meetings.
We host monthly fishing seminars presented by Bay Area Charter Boat Captains and fishing guides. Come learn from our fishing experts.
