MESSAGE FROM YOUR PRESIDENT KEN BACCETTI

As I sit and type my President's Message, I would like to say that the fishing portion of the "Rio Vista Bass Derby and Festival" was a success from what I heard and observed myself. As mentioned in last month's President's Message, the derby and festival took place on Friday, October 2nd, Saturday, October 3rd, and Sunday, October 4th. Our Isleton Chapter was once again asked to be the "official weighmasters" for the derby. The weather and the fish definitely cooperated this year. As mentioned above, I did hear a lot of positive feedback about the fishing derby in general. The success of the fishing derby would not have been possible if it wasn't for our members who volunteered to help at the weigh station and at Sunday's awards ceremony. I would like to thank, in alphabetical order, those members that helped. They are Randall Arbini, Darren Butler, Diana Canevaro, Mike Casdia, Mike Pine, Clyde Wands, and Mark Wilson. Last, but certainly not least, I would be remiss to not mention Dan Neihart and Mike Phillips, who worked the weigh station from 8am on Friday morning through Sunday's awards ceremony that ended at 5pm. A big thank you to all that helped!

Now onto our fishing photo contest winner from our October 14, 2026 meeting night. President Ken Baccetti announced our fishing contest winner for October 2026. The winner for October is Steve Leutholtz. Congratulations Steve! Remember, all Isleton Delta Chapter members in good standing are eligible to enter one monthly photo for our fishing photo contest. So, if you're a member in good standing of our chapter, text your fishing success photo with your name included to President Ken Baccetti at 415-602-1298. All photos received will be included in our monthly newsletters, on the Isleton link or the website, and on our Instagram page. Our next Grand Prize fishing contest photo winner will be chosen next year on June 9, 2027, so text me your fishing success photos to possibly be next year's winner.

Well, it's our Isleton Chapters election time again. Board Member Mike Casdia has been selected to be our Nomination Chairman this year. Mike will be contacting all current Officers and Board Members whose terms are expiring at the end of 2026 to determine their individual statuses going forward. In addition, if any of our members are interested in a position as an Officer or Board Member of our Isleton Chapter, please contact Nomination Chairman Mike Casdia at (925) 212-9129.

Continuing on, our membership director Kathy Baccetti tells me that since last month we have signed on 7 new regular members. Our new members are: Nolan Pullan, Ed LaRue, Jerad Woods, Nicholas Smith, Dionne Nixon, Earl Braten and Jerry Sonderman. Welcome aboard! If you're reading this and would like to become a member, please don't hesitate to join! Your membership strengthens our mission to protect striped bass and other precious fisheries. The easiest way to renew your membership, or to join us as a new member, is to come to one of our monthly meetings. If you're unable to attend one of our meetings, you can simply go to the Isleton link of the website (www.striper-csba.org) as we do take credit cards online. If you'd prefer to renew/join via the US Mail, you can print our Isleton Chapter application off the membership link of the website, fill it out, and mail your check or credit card information to the Isleton address listed. All new members joining receive an Isleton Chapter hat, 2 Isleton Chapter decals, and other Isleton Chapter swag. Previous members that renew receive an Isleton Chapter decal, all as a thank you for renewing their membership. In addition, if a new member joins now your membership is good until December 31, 2027. That's an extra couple of months for an annual membership. So, don't hesitate to join our organization.

Lastly, your Board of Directors voted, during our last board meeting, to continue our traditional turkey and ham raffle at our November 11th dinner and meeting night. On that evening shortly after dinner and a short meeting, we will be raffling 25 turkeys and 25 hams for those in attendance who purchase raffle tickets. Because of the raffle there will be no seminar in November.

In closing, I hope to see you at our next dinner, meeting and turkey and ham raffle on Wednesday, November 11, 2026. It is always a fun evening to kick off the holiday season.

Ken Baccetti
President

FISHING REPORT

The striper bite in the Delta has been on and off lately according our Isleton Board Member and legendary striper fisherman Mark Wilson. Mark told me that on his last 2 trips he and his friends had one excellent day, landing 18 keeper stripers to 12 pounds, and one very slow day only landing 3 keepers to 11 pounds. Mark continued to tell me that he was trolling the West Bank below Rio Vista, Broad and Montezuma Sloughs for their fish. Mark did say that the grass was a problem on the West Bank, but Broad and Montezuma Sloughs had little to no grass. He added that they were trolling both the incoming and outgoing tides with Yozuri and P-Line deep diving lures in green or chartreuse colors in 66-degree water. Mark then cautioned that the king tides forecast for October 24TH to 28TH could have an effect on the fishing.

Now for a sturgeon report. The sturgeon "catch and release" season reopened on Thursday, October 1, 2026 and according to our Isleton Commercial Member Captain Mike Funtanilla of Bend Ur Rod Sportfishing, fishing's been fantastic. Capt. Mike has been fishing with his clients in the Grizzly Bay and Mothball Fleet areas in 25 to 40 feet of water. He continued to tell me that he's been averaging 8 to 15 sturgeon for his customers per trip using salmon roe as bait. Capt. Mike added that there has been excellent sturgeon fishing in the Pittsburg area as well.

Meanwhile, our Isleton Commercial Member Captain Kyle Wise of HeadHunter Sportfishing has been salmon fishing with his clients in the Garcia Bend area. Capt. Kyle told me that he's been catching 2 to 6 "bright" salmon a day for his customers averaging 12 pounds up to 29 pounds. Capt. Kyle shared with me that he has been trolling chrome 360 flashers in front of Brad Super Baits. The Brad Super Bait that's been most productive has been chartreuse in color on both sides of the bait with chrome in the middle. Capt. Kyle added that the water temperature has been 60 degrees with little to no grass in the water.

If you'd like to fish at Lake Berryessa for black bass, then our Isleton Commercial Member Guide Don Paganelli of Paganelli's Bass Fishing Experience has a report for you. Don tells me that the Fall transition bite on the lake has started, so he's switched up having his clients now spooning BladeRunner spoons for black bass in 25 to 40 feet of water. Don continued to say that if the weather or winds become an issue, Don said that he will tuck away into the shelter of the narrows having his customers cast dropshot rigs to entice the bass to bite. Don added that the cooling water temperatures are setting off an aggressive bite as the bass transition into their Fall feeding patterns.

J and P Bait, located at San Francisco's Fisherman's Wharf, closed for the season on Friday, September 18, 2026. Thank you to J & P Bait for all your hard work this season supplying live bait to Bay Area anglers. Keep an eye on this report next spring for their opener in 2027.

Now for a salmon and rockfish report from out in the Pacific Ocean. Our Isleton Commercial Member Captain Craig Hansen of Argo Sportfishing has been travelling out the Golden Gate with his clients, targeting salmon and rockfish. Capt. Craig told me that he's been trolling the area of Muir Beach lately for near limits to limits of salmon. Capt. Craig added that the salmon have been averaging 12 pounds, all caught while trolling anchovies. Capt. Craig then said that he's been putting his customers on a great rockfish bite at the Duxbury Buoy and above the buoy in 45 to 60 feet of water. The ocean salmon season will close on Saturday, October 31, 2026.

The recreational Dungeness crab season will open on Saturday, November 7, 2026. If you plan on fishing for Dungeness crab on your boat, be advised that some of the California recreational Dungeness crab rules and regulations for crab traps and hoop nets have changed. Go to the California Department of Fish and Wildlife website for more information (https://wildlife.ca.gov).

RECIPE OF THE MONTH – NOVEMBER 2026
DUNGENESS CRAB CAKES

INGREDIENTS

1 lb. Dungeness crab meat, picked over for shells
1/2 cup breadcrumbs (Panko or regular, your choice)
2 tablespoons mayonnaise
1 large beaten egg
1 tablespoon Dijon mustard
1 teaspoon Worcestershire sauce
1 tablespoon fresh lemon juice
1/4 cup finely chopped green onions
1 tablespoon fresh parsley, chopped
1/2 teaspoon Old Bay seasoning
Salt & pepper, to taste
2 tablespoons olive oil or butter for frying
Lemon wedges for serving or your favorite tartar sauce

INSTRUCTIONS

Prepare the crab cake mixture by mixing in a large bowl the crab meat, breadcrumbs, mayonnaise, beaten egg, Dijon mustard, Worcestershire sauce, lemon juice, green onions, parsley, Old Bay seasoning, salt, and pepper. Mix until it's just combined, being careful not to break up the crab meat too much. Form the crab cakes by dividing the mixture into 6 to 8 equal portions and shape them into patties about 1 inch thick. Place the crab cakes on a plate and refrigerate them for 30 minutes to firm them up. Heat the olive oil or butter in a large skillet over medium heat. Once hot, carefully add the crab cakes into the pan, cooking them for 3 to 4 minutes on each side or until they are golden brown and crispy. When done, remove the crab cakes from the skillet and drain them on a paper towel-lined plate. Serve with the lemon wedges or your favorite tartar sauce. We enjoy the Dungeness crab cakes as an appetizer or a complete meal with your favorite sides.

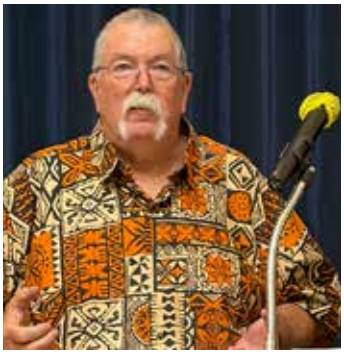
Monthly Fishing Contest Photos



We would like to thank Captain Mike Andrews of "Predator Sportfishing" for joining us and doing a very informative and educational seminar for us on Wednesday, October 14, 2026. Capt. Mike told all in attendance that during his time doing fishing charters he also was an instructor/machinist at the California Maritime Academy in Vallejo. Capt. Mike continued to give us the history of invasive species such as Zebra, Quagga and Golden Mussels, some dating back to the 1920's. Capt. Mike then explained to all the precautions currently taken to prevent ballast water from ships from entering the bay and delta waters. We would like to thank Captain Mike Andrews for doing a very educational and interesting seminar for all our members that were present that evening.

California Striped Bass Association
Isleton-Delta Chapter
Newsletter

November 2026

Join or Renew Your Membership

We strongly encourage anyone interested in Striped Bass to join.
At CSBA, we are DEDICATED to the Preservation, Conservation and Enhancement of Striped Bass.
Please practice CATCH & RELEASE!
Please join us for our monthly dinners followed by our General Meetings.
We host monthly fishing seminars presented by Bay Area Charter Boat Captains and fishing guides. Come learn from our fishing experts.
